jarbo The Hutt presents
CHRONICLES OF A
CUCK

MY GIRLFRIEND'S DAUGHTER

my tea's gone cold, i'm wondering why
i got out of bed at all
the morning rain clouds up my window
and i can't see at all
and even if i could, it'll all be grey
put your picture on my wall
it reminds me that it's not so bad, it's not so bad

dear Ralph, I sent you a message, you still ain't callin'
left my skype, twitter and discord here at the bottom
that one time you got kicked off discord last autumn
there probably was a problem with the servers or something (wink wink)
motherfuckers say shit, I usually block them
fuck them, why not? but this time, it's a pretty big problem
my girlfriend's pregnant too, I'm going to be a father
no I'm kidding... it's just my girlfriend's daughter
heard your channel was banned, sorry dude
I had a friend who killed himself, just a shame that it wasn't you
and I know you hear this every day, but I'm the biggest fag
I even flagged your fat ass where you said nothing bad
but I flagged all of your posters and subscribers man
why the fuck you think I keep so many fucking tabs open
anyways, I hope you get this man, hit me back
just to chat, truly yours, the biggest fag... this is Matt

it ain't my fucking daughter (my girlfriend's daughter)
it's just my girlfriend's daughter
man, it ain't my fucking daughter
it's definitely my girlfriend's daughter
it's really not his daughter!

dear Ralph, you still haven't called, I hope you have a chance
I ain't mad, I just think it's fucked up you don't answer fags
if you didn't want to talk to me on the Killstream, you didn't have to
but did you have to tell my kid that daddy was a black dude?
she's only two years old, we listened to your bullshit show
for like four hours, and you just said NO!
that's pretty shitty dude, I'm like her fucking idol
she wants to be just like me man, she gets more views than I do
let's be real, I'm nothing like you, I think I'm just an
autistic character or have a tremendously low IQ
dumb as fuck but flagging helps when I'm depressed
I even got a tattoo of Tyrone on my breast
and I even cut myself to see how much it bleeds
like my faggot friend Kraut. excessive faggotry.
you gotta call me Ralph, I'm the biggest cuck you'll ever lose
sincerely yours, P.S. we should buy some Ripple too

it ain't my fucking daughter (my girlfriend's daughter)
it's just my girlfriend's daughter
man, it ain't my fucking daughter
it's definitely my girlfriend's daughter
it's really not his daughter!

jesus fucking christ. please shut the fuck up.
shut the fuck up.

mundane matt! BETA! beta male!

LET ME BE YOUR DAD

hey, you might not understand this yet but in many ways,
we're very, very different people
and I'm not gonna lie... you're probably gonna start noticing this more and more as time goes on
but look listen, this is what I want to say, and I really want you to understand this mommy and daddy love you so much.
so damn much. and of course, I love you too!

tommorow, we're gonna take a trip right down to the shooting range
and you're gonna learn to fire a gun and improve your aim
sooner or later, you'll be able to shoot all kinds of things
you'll be poppin' brains, running away with a dollar pocket change
quit hootin' and hollerin' babe, does your diaper need a change?
are you feeling strange? you don't got no need to feel ashamed
did somebody say something? something that might have been gross
like how the fuck are you black, with both folks whiter than ghosts
or maybe you've been exposed to some black culture and so
now you're wondering why we don't choke hoes in the Jarbo household
well let me tell you how it goes, and don't get mad at me when you learn that
your mom's a ho, naturally I'm tired of trying to get close
see your mom's legs were, well much wider than most
much wider than most, that bitch was fucking coast to coast
she had people lining up to bust inside of her holes
busting inside of her holes, busting like there was no tomorrow (beta male!)
but I guess at the end of the day, that's just the way you were made
that's just the way I got played
and if you really wanna know, your real dad's locked in a cage
but your replacement daddy's free range

darling hold my hand, i know he's not here but
baby don't be sad, 'cause it don't matter to me if you're
white or black, as long as i can be your dad
'cause i can be your dad... please let me your dad!

tomorrow, we're gonna take a trip right down to KFC
and you're gonna learn to love the only meat you'll ever eat
and you're gonna be as black as can be, I want to see that fat ass
hanging over the seat by at least three fucking feet
so while you're under my roof, just do everything that i do
girl it's cool not to like school, with your busted ass IQ
have five kids with different dudes but before you leave middle school
get the shit beat out of you, find some way to blame a white dude
only eat if it's fried food, only drink if it's high proof
keep a loaded gun beside you and never ever try to find truth
they'll never, ever hire you, it's their fault you've been lied to
it's the Jews, they control you, they control everything in my room!
kidding!

darling hold my hand, i know he's not here but
baby don't be sad, 'cause it don't matter to me if you're
white or black, as long as i can be your dad
'cause i can be your dad... please let me your dad!

oh darling, hold my hand, cause i know he's not here but
baby don't you be sad, don't you be sad
'cause it don't matter, it don't matter to me if you're black
it don't matter to me (as long as I can be your dad)
'cause I can be your dad... please let me be your dad!

we don't mean a god damn thing to these people
not one god damn thing
(it ain't yo kid, matt)

that's what I keep hearing. Oh he's white, damn I guess that means
(it ain't yo kid, matt)

and then they wonder why is this piece of shit always in such a bad head space
(it ain't yo kid, matt)

you can't sit there and be like, hey you, you're black, I don't like you,
get outta here

bille jean is not my lover, she's just a girl who claims that I am the one
but the kid is not my son
(it ain't yo kid, matt)

we are hearing reports of an incoming DMCA! JARBOOOO!

FUCK 'EM DEAD II (FEAT. LAKEMBRA)

people are like Matt's out there flagging hundreds of videos
('cause you did) no I didn't. (yes you did)
it was just perpetual bullshit and just fucking lies
Matt flagged me down, no I didn't! I didn't do anything!
you guys may want to watch out.

hey what's going on everyone, I'm Matt
although pretty much everyone I know just calls me "faggot"
i really don't understand it, people are still mad but
didn't you see me rebranding? Mtatt's turning a new leaf man
but I guess people are pissed, guess having a dead
channel with a sub count falling into the freaking abyss
for like a year straight, and still bleeding, well it's
not enough punishment for being this full of shit
but I'm still flagging, and a result I'm still
bagging your groceries on my Walmart weekend shift
it fucking sucks but it has to be done
and at least now I'm giving people what they actually want
scrubbing the carpet, still cleaning the toilets
still putting out garbage, that still nobody's watching (3 buck theater)
I don't even have an opinion, you couldn't pay me to be
honest if honesty was worth three million
donuts.. but I'm resilient at least when it comes to
fat shaming and raising a bunch of fucking black children
that will probably grow up and shoot me in back, 'til then
I'll just be a cockless diabetic hypocrite
talk shit, eh... I'll add you to the block list
and then I'll bring about the fucking false flag-pocalypse
you see whenever I'm near, there's a pretty good chance
your critique will mysteriously disappear, poof!
fuck em!

I flag motherfuckers
flag and fuck 'em, fuck 'em dead
that's what I do seven days a week, flag motherfuckers
just flag motherfuckers and fuck 'em dead

ooh yeah (matt jarbo) I flag motherfuckers
flag and fuck 'em, fuck 'em dead
that's what i do nigga, demonetize motherfuckers
so shut your trap before I flag you too

they say you don't know what you have 'til it's gone
I used to have some kind of appeal, now I appeal to no one
I used to have a great time, now I never have fun
I used to wash every day, now it's five days a month
I used to be in shape, now I just have a head like a thumb
I used to get laid, now I get the bed when she's done
used to have two cars in the drive, now I have one
used to have two kids that were mine and now I have none
used to get paid and stack G's, now i gotta open up these
ass cheeks to pay the producers for these fat beats
apart from the fucking black meat, I'm getting used to
eating exactly the same shit that the cats eat
siphoning some gasoline just to buy some vasoline
and a bunch of enemas from the local wallgreens
but I can't do it without some piece of shit asshole
standing there yelling out wait a minute matt no!
fuck 'em!

that's why I flag motherfuckers
flag and fuck 'em, fuck 'em dead
that's what I do seven days a week, flag motherfuckers
just flag motherfuckers and fuck 'em dead
I flag motherfuckers
flag and fuck 'em, fuck 'em dead
that's what i do dawg, demonetize motherfuckers
so shut your trap before I flag you too

so you block 'em and flag 'em, take out a hit out on these kids
fuck 'em right? wait, no not the kids, Matt please
I'm talking about the haters, Gator and Metokur, Ralph, Pesos and Dick
they talk shit and you take 'em out with a click
grip, squeeze the trigger, like you squeeze the cum outta niggas
eager to spill the blood you take the shot and pray that you hit 'em
shit, I think you might be getting a taste for the life
take the knife, do 'em right, in the back, like a ki-
like a cuck, you know what?
maybe it's better if I don't say too much
wouldn't want to end up on a watch list
now ADL got this and this song is now blocked in over 88 countries
and Rabbi Jarbo's got his thumb on the button
like Stalin, he'll make your channel disappear like it's nothing
this semaphoric war is all that he has left anymore
so be warned, he'll treat your channels like he does a newborn and just
fuck 'em!

wait what? What just happened?
oh shit, did he just flag us?!
you fucking know it!
JARBOOO!

I flag motherfuckers
flag and fuck 'em nigga, fuck 'em dead
that's what I do seven days a week, flag motherfuckers
just flag motherfuckers and fuck 'em dead
(aww shit) I flag motherfuckers
flag and fuck 'em, fuck 'em dead
that's what i do dawg, demonetize motherfuckers
so shut your trap before I flag you too

POLEY (SKIT)

I hope you guys are enjoying hearing the flaggot
effortlessly spitting out that fire like a fucking dragon
you know what I mean? this is mc jarbo, straight up in your fucking ass
you know what I mean? ey yo, a lot of poley fans I see up here tonight
speaking of which, I want to reintroduce a very good friend of mine
so without further ado, why don't we give a big round of applause
for poley the fucking polar bear

tyrone gonna rob ya, rape ya, kill ya,
rip ya off, fuck your sister, hit the spot
now take it from this here racist polar bear
my ass is broke and there's African American jizz in my hair
these people are not ones you wanna talk with
now these people are not ones you wanna fuck with
according to urbandictionary.com
tyrone beats me unconscious and then feeds me the cum

hey kids its me, poley the polar bear
and I'm here to tell you a random word of the day
my word today is nigger
that's right folks I'm gonna tell you about
ignorant people who don't like to have jobs
and usually try to get my dumb ass robbed
the word nigger
motherfucking nigger
nigger

STEAM CLEANER (FEAT. SARGON OF AKKAD)

my threshold for certain things is a lot, well
higher than maybe some people out there
but I have reasons for that
and to understand why I am the way that I am
and why I like what I like, you have to know me as a person
and I'ma break it down for you right now

crack smoke, rum and coke
in my home, usually there's about a hundred folks
and one fat chode, with a dumb-ass show
but they ain't here to see Matt no more
one of them's squeezing my girl's left titty
one of them's travelling to g-spot city
one of them's got his hand way up in her shitty
one of them's sticking twenty five inch in me
do i care? no, i'm a degenerate cuck
look at these black gentlemen ramming their
black genitals in my butt, i still got medical problems
from when metokur dropped the ballad of the hut
nigga what, am i just supposed to sit here and watch
the damn sasquatch put his fat lips to her crotch
ugh fuckin' black bastard
he's having a munch, she's like faster!
but if that's what she wants then i guess that's what she wants
a couple of niggas for fun, tribalistic and dumb
a little bit of tongue clean up from me when it's time of the month
i guess that's why she calls me a blood sucking cunt
i just do what she says, sit at the foot of the bed
while she's giving some magnificent head to Ed
she's got her headphones on, legs wide open
getting off listening to Jarbo the Hutt
he's getting ready to nut, i'm getting ready to wipe clean
it's probably be gonna be in her snatch most likely
but it might be, in her mouth or her feet
Tyrone going for a world record release

i love the way you look and the way you smell
the way you shake that shit, girl make it swell
from the way you you walking, yeah i can tell
that you've been spreading that puss for somebody else

so fuck that nigger, fuck that nigger
lick his asshole, make his dick get bigger
baby fuck that nigger, cuck this fat nigger
and get two fucking kids out of that nigger

always the girlfriend, never the wife
now she's sending me out knowing i'll get coronavirus and die
dumb faggot, get out there and just socialize
and start spreading that shit, yeah spread your lies
god damn Matt, why don't you realize
even J Christ wants to put an end to your life
his job is to get in between these thighs
your job is deliver that egg fried rice
and shut your fat diabetic mouth
only open it up when you know what you're talking about
do you know how p...p.. pathetic you sound?
damn i'm out of rubbers, why don't you walk into town?
got an african at one, puerto rican at two
your next kid will probably be a mix of the two
he might come out one third mexican too
hehe, the most traumatized kids in the school
your daddy's nothing but a spineless bitch terrified
of vaginas... giving me nightmares
as i was about to sleep then
tyrone let out the fucking beast

i love the way you look and the way you smell
the way you shake that shit, girl make it swell
from the way you you walking, yeah i can tell
that you've been spreading that puss for somebody else

so fuck that nigger, fuck that nigger
lick his asshole, make his dick get bigger
baby fuck that nigger, fuck a white nigger
how about a twenty five percent nigger?

it's time to bust out the steam cleaner!
damn straight. God that black dick looks amazing
oh my God. Fuck me.
no no no no, I don't mean actually fuck me
NO NO AUUUGH!

I'LL BE HONEST (FEAT. TYRONE)

fuck cheeseburgers and shit, KFC
nigga please nothing beats macaroni and cheese
sliced hot dogs in a pan, sweet as can be
man i love all these autistic recipes
from these backwards stupid motherfuckers in my discord chat
but Matt, how are you gonna diss your friends like that?
are you really this dumb?
dumb enough to let them record my ass for like the last six months
(with hot dog bits) you know what i really hate?
my dick won't elevate, and i'm not even thirty eight
my gut's in the way, tired every day
of hearing my girl fucking the entire NBA
dude, what are you gonna do next?
she's way past having unprotected sex
guess i'll be bringing up somebody's rejected kids (Tyrone)
cleaning up somebody's ejected jizz (Tyrone)
bunch of black guys standing outside (Tyrone)
ninety one African dongs in sight
and i'm hiding under the fucking bed, beating my bone
from a safe space, i don't wanna be meeting Tyrone
face to face in case i get a punch to the head
like when i said he should be paying at least some of the rent

uh Tyrone, are we good? are we good? oh God no!
SHUT YO BITCH ASS UP!

i'm not gonna lie, not gonna lie (not gonna lie)
i'm not gonna lie, not gonna lie (stop lying to me)
i'll be honest with you guys (stop lying to me)
honest, I'll be honest with you guys

i'm not gonna lie, I'm not gonna lie (not gonna lie)
not gonna lie, not gonna lie you guys
i'll be honest with you guys, I'll be honest
I'll be honest with you guys, I'll be honest

my channel is dead as they come, only people on it
are there to call me a fat fucking faggot in the comments
Ethan Ralph is always calling me dishonest
maybe that's because he's nothing but a redneck alcoholic
Pesos is just a Mexican midget on his leash
Dick Masterson's the sociopathic freak
with them beady little eyes, The Quartering is just a bore
would you please move your fucking arms more?
God, Magog made some very good decisions
the other motherfuckers had no idea what they were missing

CHRONICLES OF A CUCK

now i suck multicultural dick
not for money, literally just doing it for kicks
beta cucking form, ready to prep the bull
give me a mouth full of niggas that will never be born
i kid, i kid Tyrone
help yourself to the bitch, just stay out of the fridge

i'm not gonna lie, not gonna lie (not gonna lie)
i'm not gonna lie, not gonna lie (stop lying to me)
i'll be honest with you guys (stop lying to me)
honest, I'll be honest with you guys

i'm not gonna lie, I'm not gonna lie (not gonna lie)
not gonna lie, not gonna lie you guys
i'll be honest with you guys, I'll be honest
I'll be honest with you guys, I'll be honest

I'll be honest with you guys
I'll be honest with you
(please stop lying to me)

hey shut up man, shut up
this Tyrone. i ain't done with you yet man

yo it's the J to the A, the R, the BO
the motherfucker smells like chicken and B.O.
figured you out, you work at Walmart (night shift)
yeah no wonder your life is so hard, go
record your videos but nobody sees it though
everybody sees a broke bitch with a cheating ho
man you a cuck, you suck dick
you let every one of my bros fuck your girl in the butt quick

Instrumental produced by Julian Avila
Lyrics and additional vocals by Jarbo the Hutt

ALIENS

1488 bitch!
Dick Masterson made a video about me
Dame Pesos had a video about me
well guess what? i made a beautiful song about you... aliens

uh let's talk about Mexicans, filthy fucking savages
they've come to steal your packages and inflict aggravated damages
it's getting so hazardous with these rates, i don't know what the average is
for rape, probably as high as the number of underage Mexican marriages
as tragic as it may seem, they're just keeping up with tradition
keeping up with religion, keeping their children up in the missionary
position - until you've had a whole lot of kids to jizz in
listen, you still don't know what the fuck you've been missing
i mean i don't know this from personal experience or anything, just guessing
(kid, kid, kidding)... maybe that's why Pesos
sounds like a kid, visceral memories of 14,000 of them sitting on his dick
"faggot" doesn't offend me, it's actually pretty good english coming from a spic
dawg, shouldn't you be outside dawg? picking whatever the fuck you pick
dawg, ooo that ain't right dawg, now i'm going to have to get my
whip dawg, that's not a car i don't mean a vehicle... sit dawg
after all, wouldn't want to make a beaner fearful
let's talk about mexicans and all those shitty states next to them
but hey, Mexico or Chile, it's all the same kind of shit dawg
i don't care that you have resort to twenty pesos a day
from your fucking mom - i ain't givin' you shit dawg

i don't know why you don't know (I don't know why)
to me you're just a bunch of motherfucking animals
i don't know why you don't know
to me you're just a bunch of motherfucking aliens
get back to work, hey get back to work, god damn animals
i don't know why you don't know
you belong to Mexico

uh let's talk about Mexicans - the ones that show so much negligence
the type of dick to swipe a bitch just to say they had sex with them
this guy calls you a cuck, pizza the hut, says that i suck dick
you really think that i give one percent of a fuck? well listen up, Dick
you might be worth twenty two thousand dollars a month
but psychopath, i think i did the math... yeah that's a lot of tax
why are you running your mouth? running up to me and giving me hugs at vidcon
embarassing me in front of my friends while trying to get rid of this bitcoin
let's talk about Mexicans that stink of ass crack whenever you stand next to them
I ain't getting laughed at by a man whose forehead look like an accident
stay out of my business, don't fuck around with this white dude
stay out of the business between me and the people I've lied to, motherfucker

i don't know why you don't know (I don't know why)
to me you're just a bunch of motherfucking animals
i don't know why you don't know
to me you're just a bunch of motherfucking aliens
get back to work, hey get back to work, god damn animals
i don't know why you don't know
you belong to Mexico

UBER EATS

Uber Eats, I gotta delivery for you
let's see here... mmmm damn girl
it smells like ass, tastes like ass
if it was me, I'd probably throw that shit straight in the trash
if it was me son, i'd be my-rooming them, like give me a fucking refund
like shit this ain't what I ordered, I ain't eating this! I ain't Ethan!
this shit looks half eaten, even this sauce this looks suspiciously
like semen, like twenty dicks have been beaten
to an incredibly satisfying completion
it used to be at the weekend but that we're quarantining
I've just fucked up every single freaking meal in Washington state this evening
by adding this spicy seasoning and a couple extra ingredients
if you don't like it... you can go wait in a queue
full of sick motherfuckers and Jews that escaped from the zoo
you can do that, or I can just bring it straight to you
Uber Eats bitch!

baby it's the weekend, I know that you freakin'
want to get some food up inside you girl
but if I'm a little bit late, that don't mean I beat my meat
inside of your Uber Eats (your Uber Eats)

while you're locked in the house... I'm locked out of mine, crap
Matt you can come right back the second you stop being such a lying fag
she says the second you stop lying back and masturbating
while playing minecraft, then you can have your life back
and you might not even believe this, it's a secret so just
keep it between us but I love spreading diseases
I frequently nut on your f'in pizzas
and I'm not even being facetious son, trust me there's more than just
jizz covered chicken breast pieces, smeared in feces
and if you look a little bit closer, you'll see that chucked in with your
fucking chucky cheese there's hands feet
and... jesus something resembling a human fetus
what the fuck does it mean? It's still a mystery but at least it's
brought right to your door by the world's biggest defeatist
Matt Jarbo, whatever it is didn't come from my penis
don't look at it in the eyes, just fucking eat it

baby it's the weekend, I know that you freakin'
want to get some food up inside you girl
but if I'm a little bit late, that don't mean I beat my meat
inside of your Uber Eats (your Uber Eats)

yo listen up, let's be real for a second
if Tyrone paid rent, I guess these bills would get paid
and I wouldn't have to dispose of so many of his children this way
or expose myself to sickness today, there's no fucking
mask in the world that will comfortably fit this triple-chinned face
and I wouldn't have invested all of my money in Ripple and cake
true that my girl's processing dick after dick every day
and I wouldn't be driving around town for ten dollars a month
like an idiot in the middle of the fucking bubonic plague
game over, whether it's corona, anus aids or ebola
they'll probably find me holed up in a coma, in the back of
my own car, paramedics pulling me out like some kind of
diabetic three hundred and fifty pound boulder

baby it's the weekend, I know that you freakin'
want to get some food up inside you girl
but if I'm a little bit late, that don't mean I beat my meat
inside of your Uber (your Uber Eats)

you know what I mean?
if you're still waiting for your Uber Eats, you're gonna want to call back and
get a different driver, that shit is fucked up - eat that shit at your own risk

if you're made it this far, do me a solid, put your dick in your hand
that's right, just like that now listen - start beating it viciously while looking
at the pictures of iDubbbz' girlfriend. yeah just beat it relentlessly
don't worry, it's totally cool, totally fine, not an issue here, not a problem folks
he's totally fine with it, iDubbbz is totally okay with it
because you know why, he's a cuck. it's as simple as that
he's given me the permission to beat my meat to his bitch
dumbass idiot! imagine that. Uber Eats!

ICE CREAM TRUCK

psycopathic offenders may be rapists, child molesters, sadists
or any type of sex offender
Matt has a pervasive lack of responsibility as well as lack of attachment
to other people

under cover of darkness, i'm sitting in the parking lot of a target
trying to get a fix on a target, one or two kids we'll start with
last week it was k-mart, never go far, i stick to the same parts
don't need shades or a toupee, i just waddle straight to the blu-ray
section, in a Star Wars trench coat to disguise the erection
trying to avoid any kind of attention, full of tension, not to mention
this black security guard behind me, shit don't mind me, I ain't insidious
I'm just recording a video for the five idiots still subscribed to me
you look like you haven't seen a middle aged man with his hand in his jeans
I'm here like every week now all of a sudden you say I'm a creep?
so i really don't know what you mean, I ain't doing nothing obscene just reading kids
magazines and flicking my bean, picking up sweets and acting a fool in between
hold on, you're black - shouldn't you be fucking my bitch as we speak?
slapping your dick on her feet? busting a nut on her beak and spreading your seed
well you can meet her at three, this is the number and this is the street
time for skeet skeet, she's in desperate need of financial security
hey kid now that he's gone, do you wanna have some "Hansen" fun?
you might be luck, yeah bitch I got a whole fucking ice cream truck
yup, let's step outside, let's go for a ride
get the fuck inside, there's your mom, wave bye bye

you ain't fooling nobody motherfucker, I know you into that shit
I know a couple of dudes that might just do something to you like what you did to that kid
wily fuck, ain't nobody thinking this ignorant pig is a dangerous sick in the head individual
but if you... let your kids around this motherfucker, you'll never see them again
ice cream truck

walmart, target, bestbuy, target
from K-mart to target... just get in the ice cream truck bitch

ice cream truck, where you ain't gonna get drugged and you ain't gonna get fucked,
and you ain't gonna wake up, with a roll of duct tape and a flashlight up in your butt
if you want a chance to see your mommy, throw your pants right on me
don't worry, we're both just taking a trip right down to the quarry
but let me tell you story, and I'm sorry but it's god awfully gory
I could never get laid, went church to pray... god offered me glory
got off (no one saw me) sweet dude, no more need to feel salty
there's no need to act ballsy, put on some cartoon network and go balls deep
hey kid, now we've arrived, look there's no one around for miles
take this shovel and dig, there's bound to be some pokemon in that pit
but mind you don't slip, oops looks like you tripped and fell in it (she fell!)
I guess my story begins the second that your story ends

you ain't fooling nobody motherfucker, I know you into that shit
I know a couple of dudes that might just do something to you like what you did to that kid
wily fuck, ain't nobody thinking this ignorant pig is a dangerous sick in the head individual
but if you... let your kids around this motherfucker, you'll never see them again

you ain't fooling nobody motherfucker, I know you into that shit
I know a couple of dudes that might just do something to you like what you did to that kid
wily fuck, ain't nobody thinking this ignorant pig is a dangerous sick in the head individual
but if you... let your kids around this motherfucker, you'll never see them again

GO WITH JESUS (FEAT. JESSE LEE PETERSON)

she sat in the corner with me, every Sunday she would kneel for the priest
I would wait 'til everyone leave, then I'd get down and smell her seat
twelve years old, never thought nothing of her 'til she told me she had finally started
her flow, I was like woah I didn't know bleeding could be so sensual bro
I started making some sexual jokes, yeah let's get down to business
she just wanted some kids quick and I noticed that she was developing big tits
nice day, isn't it? are you looking forward to the next church picnic?
you're just a little bit old for my taste but I guess preschool age is a bit optimistic
she wanted my seed, and I really wanted to see what she looked like with lipstick
so I took the rohypnol, mixed it with bleach - straight in her gravy and biscuit
and I know that you're gagged and you can't talk now so you can just do all the listening
this isn't rape, this is great, you sit there let me just give you this jizzing
but I just wasn't ready, there was nothing but blanks in the tank so I grabbed a machete
turned her into spaghetti... rest in peace Betty
and i thought to myself as i stood there covered in tears
man this sounds like some shit I'll probably be lying about in a couple of years

go, go with Jesus, with Jesus (Matt you're just a beta male!)
go, go with Jesus, with Jesus

Mundane Matt ... shut the hell up! Listen to me Matt
you're just a beta male, but don't hate yourself for it, beta male!
if you truly believe in Jesus, truly believe in God
take the blame yourself Matt... maybe you should get a job
stop being mad at that woman, it's all your fault (beta male)
are you close to your father? (not really) does he even return your calls?
how is it her fault your dick don't work, you're so weak
now she's addicted to the sweet taste of African American meat
Matt you been exposed, both of your kids are really Tyrone's
beta male! what kind of a grown adult is sitting round home and
doing nothing but picking up boulders, putting pictures of children in folders
(I didn't do anything!) stop lying idiot, I'm in the zone
what kind of man can't even control the type of dick that she stick in her hole
Jesse Peterson about 70 years old and I still break in your home to feed her the bone
baby you are something else... Matt your woman is AMAZIN'!
but you uh uh, you gotta go
if you truly believe in Jesus, truly believe in God
take a hold of this gun, put it to your head, deliver yourself to the lord
you fat bitch, get outta here motherfucker!

go, go with Jesus, with Jesus
go, go with Jesus, with Jesus
go, go with Jesus, with Jesus (Matt you're just a beta male!)

knowing that he is a liar, an apparent liar and a sociopath
you gotta doubt everything that he says
he is a liar, take it from me
he who sins is of the devil
you gotta be right (with Jesus), and be honest

beta... let it go Matt!
beta... let it go Matt!
beta... let it go Matt!
beta!

go with Jesus

returning the children to the fathers, and the fathers to the children

go with Jesus

thus says the lord, not thus says jesse
that's so amazing
God bless you, alright?

DEAR MATT (FEAT. ETHAN RALPH)

dear Matt, i meant to write you sooner but I just been busy
I heard your girl's banging vagrants now, how far gone is she?
I'm really glad we found out that your daughter's black
and here's an autograph for her father - he's probably upstairs in the sack
you're welcome to come back to the show, we really miss you
don't think I leaked your shit intentionally just to diss you
but what's this shit you said about them being your fucking kids dude?
come on Matt, how much of a lying cuck is you?
you got some issues Matt, I think you need some counselling
to keep your ass from flagging when she's on his dick bouncing
and what's that shit about ya'll sleeping together?
that type of shit'll make me think she ain't touched your penis forever
I really think what ya'll need is a babysitter
so maybe you're just there to feed her litter
I hope you get to read this letter, I just hope it reaches you on time
'cause you blocked me on Twitter, the Killstream's doing just fine
so stop being bitter and quit being a fucking fag
why are you so mad? try to understand, it's fine if you're not the dad
I just don't want you to do some crazy shit
I seen this one shit on the news a couple weeks ago that made me sick
this dude was in church and shot himself in the face
with a crucifix in his hand and boulders up to his waist
and then the reverend found a tape, but it didn't say who it was to
come to think about it, his name was... it was you

FUCKED YO GIRL (FEAT. TYRONE & DAME PESOS)

yo this Tyrone. aww baby again? we just made love two hours ago.
hold tight girl, I'm on the way

I got new kicks on, straight up out the door, fresh as fuck
smelling a million bucks, turning heads in my best clothes
ya see shawty, I'ma go jihadi if I don't explode
inside of a thick ho's body tonight
tonight, I'm finna expose
all of myself to her, do a trademark sex pose
and have her down at my knees, I seize
her attention with these nuts but no red rose
but I'm in the black, got my stacks, got my tracks
gonna lay you on your back cause I'm a jackal in the sack
gonna slap you on your ass, leave it stamped with this handprint
girl you can fix a pretty fucking mean sandwich
I don't know what your man did,
but he's a man bitch, girl lock up the cats let's go camping
you know... pitch a tent you can bring the damn kids,
cause they need a first-hand glimpse of what a man is
one that isn't afraid of getting laid, with a face
looking like he just ate a gallon of mayonnaise
kids, your dad's bitch made, he don't get paid
and won't leave his gaming man cave for days, fucking faggot
do you copy? girl you know that you got lucky
that dumb dummy you call a man ain't got nothing on me
so while he's nutting all over the Mandalorean
I'll be manhandling his whore again in Oregon
that's why she call me at night, ho hardly
ever leave me alone though, damn bro she so naughty
'cause she want me to cum almost constantly
she's so cum hungry - she wants it all from me
but I'ma take it to a whole 'nother level,
work on your thighs and your toes and your navel
I'm the first man make you pour honey on the table
if you're able, I'll make the cooch gush like a burst mains
tornado, so put on your halo
get down on your knees, give me worship fellatio
but really all I want to do is lay low, until your man come home
so I can just open the door and say MATT!

I just fucked your girl tonight, and came inside her
I just fucked your girl tonight, so step aside,yeah
I just fucked your girl tonight, I lit the fire
I just blew her fuckin' mind cus I'm her one desire

Matt, I just fucked your girl tonight, and came inside her
Pesos just fucked your girl tonight, so step aside, yeah
Jesse Lee Peterson just fucked yo girl tonight, I lit the fire
I just blew her fuckin' mind cus I'm her one desire

I just fucked your girl tonight
I just fucked your girl tonight, and came inside her
jI just fucked your girl tonight, I lit the fire
I just came inside her, inside her, I came inside her

feliz navidad, feliz navidad,
feliz navidad, Monday Matt is a pedophile

I want to wish you a Merry Christmas
I want to wish you a Merry Christmas
Monday Matt is going to jail
to get raped like he rapes the baby

I want to wish you a Merry Christmas
I want to wish you a Merry Christmas
Monday Matt is going to jail
to get raped like he rapes the baby

CHRONICLES OF A CUCK

ICUCKKKZ - ONLY FANS (DAMAGE)

I love my girlfriend
I'm totally fine with dudes jacking off to pictures of her on the internet
if you are upset by me admitting this, listen the fuck up

I love my girl, love my girl so fucking bad
I let her squeeze her tits for fifty cents, I don't get mad
I just have some mommy issues, she has problems with her dad
so I grab the box of tissue, say hello there mister hand
oh man, totally familiar with masturbation from dudes
who are fascinated by cam whores living with a cancer patient
the shit's pretty basic, you just gotta fucking embrace it
and be the man of the house, for example listen to this shit I'm facing
"no more kissing without first asking for permission Ian!"
"get yo bitch ass in that kitchen Ian, listen Ian!"
she's always on only fans so I bought a gold subscription
so I could see how much of her pussy, tits and ass i'm missing
oh my gosh, I love my girl so fucking bad
but why she spread her legs and take this dick inside of our bed?
what the fuck? you know what? I've seen enough of that crap
time to file a DMCA, hey just call me Mundane Matt

damn bitch, look at all this damage
mmm only fans bitch, catch my bitch on only fucking fans
drop your pants bitch, scoop your dick inside your fucking hands, quick
iCuckkz gives not a shit you nut over his stupid bitch
only fans hit the switch, grab your wallet, click click click
get the camera, click click click, out come the di..dick pics
i respect the trick trick tricks, love my bitch (much respect)
all she's doing is showing her tits so dudes out there can lick lick lick

lick your smartphone, lick your laptop
lick your fingers, yeah it figures that she licks this nigga's black cock
Ian, ain't you meant to be some kind of cop?
'cause from what I'm seeing, you ain't protecting fucking jack squat
so for the next content cop, my girl'll piss inside of a cup and I'll
drink it up like a good little cuck (yummy), delicious mommy mommy
I love my bitch but she's gotta earn her own fucking money
yeah I'll give you a kiss mwah, now take everything from me!
being a pathetic beta male, it's not easy
but as long as she's charging me for that puss, my girl will never leave me (never)
think I'm lying? don't believe me? not sure she enjoys being
with a fucking half blind bald-headed faggot in a beanie
yes I could probably learn a thing or two from Leafy
like when it's time to fuck off, permanently 'cause all I do is repeat
if you got a weak chin, get the fuck out of that ring
I'll leave the bitch everything, go to the store and buy a ring

god damn bitch, look at all this damage
only fans bitch, catch my bitch on only fucking fans
drop your pants bitch, scoop your dick inside your fucking hands, quick
iCuckkz gives not a shit you nut over his stupid bitch
only fans hit the switch, grab your wallet, click click click
get the camera, click click click, out come the di..dick pics
i respect the trick trick tricks, pay the price (respect)
all she does is show her tits so dudes out there can ji..ji.. jizz
oh!

and I don't mind. because quite frankly I'm a fucking degenerate piece of shit
I don't care, fuck it

Ian, iDubbbz! you a beta!
you beyond a simp!
